HCI Survey – Large Dataset Interaction and Visualization

My age range is
- Under 15
- 15-25
- 25-55
- Over 55

My current occupation is
- Student
- Full-time Job
- Other

I work numerical datasets
- Never
- Rarely
- Sometimes
- Often

I find it easier to view datasets with
- Table-based
- Graph-based
- No preference

I find it easier to manipulate datasets with
- Table-based
- Graph-based
- No preference

I currently use the following software
- Excel
- Matlab
- Other: ______________________

If using a graph-based system, the most important aspect is
- Visualization
- Interaction
- No preference

I would use a terminal as described in the storyboards
- Never
- Rarely
- Sometimes
- Often
